RE: Family Resource Center

Feb/16/2017

To Whom It May Concern:

My name is Patricia Pires. I live at: 106 South King Street in Danbury, CT 06811. I am married to Gilmar O Pires, and we have 02 wonderful kids, Kendra is a 5 years old and Bruce a 03 years old, before Kendra started kindergarten, she used to go to the play and learn Programs, we are so appreciate to be able to have that around since any other program for toddlers and preschooler's ages are so expensive and we couldn't afford them.

Know that Bruce is the one who's participating, is amazing to see him so exciting about it, and can't just wait to be Monday and Wednesday to go and have some group activities and play time with his bodies again.

The FRC is not just good for our kids, it also offers a great teaching for the parents as well, since I am pre diabetic, to have a respected nutritionist to come and teach us how to read food labels and count how much of sugar should we have and the amount a child should have it is just extraordinary, that help us so much and make our little ones so happy that I can't imagining not having all this help and fun environment to our family anymore.

I really hope that FRC will continue, we are going to lose so much if we no longer have this positive youth environment to bring our children to, please! let this great program to continue.

Sincerely,

Patricia B. Pires
